OPENING CEREMONY

From left: Mr. GURURAJ D. PATIL, Managing Director, EMAG INDIA PVT. LTD.; Mr. YUKI KITA, President & CEO, FANUC INDIA PVT. LTD.; Mr. HIREN JADEJA, President-Marketing, JYOTI CNC AUTOMATION LTD.; Mr. ANIL BHARDWAJ, Managing Director, MAZAK INDIA PVT. LTD.; Mr. TOSHIYUKI SUZUKI, Vice President, FANUC INDIA PVT. LTD.; Ms. DHARA GOHIL, Director, K AND D COMMUNICATION LTD.

TESTIMONIALS OF GUESTS OF HONOUR

Mr. GURURAJ D. PATIL,
Managing Director - EMAG INDIA PRIVATE LIMITED

ENGIMACH exhibition provided us a platform to showcase our EMAG Technologies to the growing Western region which is abuzz with many new manufacturing projects. There are many MNCs who are setting up their operations in and around Gujarat and ENGIMACH is the right forum to be in.

EMAG INDIA through this participation showcased E Mobility as well as, non-auto parts that can be machined seamlessly on EMAG machines with highest precision and in large volumes both for the domestic as well as overseas demand.

The exhibition also provided a platform for excellent networking with supplier and customer base in this region. Overall, ENGIMACH supported companies like EMAG to come nearer to the emerging market of Gujarat and more important, to the manufacturing fraternity who would otherwise have seen the capabilities of our Technologies only on virtual media.”

TESTIMONIALS OF GUESTS OF HONOUR

16th **ENGIMACH**

Mr. YUKI KITA

President & CEO - FANUC INDIA PRIVATE LIMITED

This is the 5th time we are participating and I'm very happy to participate. Gujarat state is a very much important state for industry growth in India. Of course, we will come back here to participate in the ENGIMACH show because this show is one of the biggest Machine Tools show and so for us very critical opportunity to introduce our products. ”

Mr. HIREN JADEJA

President Marketing - JYOTI CNC AUTOMATION LIMITED

Since the second edition we have been participating in ENGIMACH with the state-of-art technology products from metal cutting space. Since today is the first day it is not suitable to comment but considering today's crowd it seems it would be a game changer event for us! As far as the footfalls are concerned, lots of our old customers as well as the new customers they are visiting us. Surely, 100% we will be there in the next edition of ENGIMACH! ”

Mr. ANIL BHARDWAJ

Managing Director - MAZAK INDIA PRIVATE LIMITED

I am honored to have been invited as the guest of honor at the 16th ENGIMACH inaugural lamp lighting ceremony. ENGIMACH has long been a beacon of innovation and excellence in the manufacturing industry, providing a platform for industry leaders to showcase cutting-edge technologies and forge meaningful connections. It is truly inspiring to witness the remarkable growth and evolution of ENGIMACH over the years, and I commend the organizers for their unwavering commitment to driving progress in our sector. As a longstanding participant in the advancement of manufacturing, I am proud to have Mazak be a part of this esteemed event, contributing to the exchange of ideas and the exploration of new possibilities. ”

Mr. TOSHIYUKI SUZUKI

Vice President - FANUC INDIA PRIVATE LIMITED

I am honoured beyond measure to have been given the honour of lighting the lamp at the opening ceremony of ENGIMACH.

I hope that ENGIMACH will continue to grow and develop in the future, and that we will be able to help in any way we can.

I look forward to working with you in the future. ”

TESTIMONIALS OF SUPPORTING TRADE ASSOCIATIONS

MACHINE TOOLS MFG. ASSOCIATION
RAJKOT

The 16th ENGIMACH was dedicated to showcase the latest technology in modern manufacturing required to fulfill the pressing current demand of manufacturing both for India and the World and was truly a success and larger than any earlier editions. The trade show displayed the latest technology critical for large scale manufacturing of world class products of high quality at competitive cost.

With over 1000 exhibitors including the concurrent shows, ENGIMACH is now at par with the best of engineering & manufacturing shows in India!

Apart from the Engineering, Machine Tools & Automation exhibitors in ENGIMACH, the concurrent and co-located shows provided depth and variety to the mega event - from Startup Exhibition to Smarttech Conference featuring international speakers to a trade show dedicated to creating an Indian Castings bazaar!

We congratulate K and D Communication Limited for a highly successful 16th ENGIMACH and hope that all their other trade shows also act as similar powerful catalysts to industrial growth and prosperity.

Shri Yogin Chhaniara, President
Machine Tools Manufacturers Association, Rajkot

The 16th ENGIMACH, 2023 held on 6-10 December, 2023 at Gandhinagar, Gujarat, was truly a success and larger than any earlier editions. This show displayed the latest technology critical for large scale manufacturing of world class products of high quality at competitive cost. K and D Communication Limited is dedicated to organize trade shows that act as powerful catalysts to industrial growth and prosperity.

LMTMA praises K and D Communication Limited for this commendable show.

Shri Amarjeet Singh Sagar, Director
Ludhiana Machine Tools Manufacturers Association

At the outset, we thank you very much for allotting us a stall at ENGIMACH 2023 at Gandhinagar, Gujarat. Our Association - Association of Ludhiana Machine Tool Industries - was very much impressed with the way the exhibition was organised. We could see some of the stalls displaying machineries manufactured with most modern technology. The footfall was quite encouraging.

We once again thank you and wish all the best in your future endeavours.

Thanks,

Shri Tarlochan Singh, President
Association of Ludhiana Machine Tool Industries

TESTIMONIALS OF SUPPORTING TRADE ASSOCIATIONS

16th **ENGIMACH**

We congratulate K and D Communication Limited for an outstanding industrial exhibition to stimulate the economic progress of Gujarat and the Nation!

Indeed, we are proud to be one of the supporting Trade Associations of this important event. The 16th edition of ENGIMACH was unique in many respects. While trade shows usually play an important role in stimulating economic growth, the 16th ENGIMACH was held at a particularly opportune time during the present economic ascendancy of the country.

It was not only the biggest edition of the trade show so far in terms of exhibitors and visitors but also the most interesting with the concurrent shows adding a lot of character and depth to the overall mega event.

While the Vibrant Gujarat Startup Conclave and Exhibition displayed innovations and investment opportunities, the Smarttech Conference featured many notable international speakers who gave valuable insights on the future of many sectors including manufacturing. The Castings & Foundries Exp focused on a sector not common in exhibitions and showed much promise for its future.

We are sure the organizers will continue to produce such outstanding trade shows and we look forward to continue our support as a trade body.

Dr. Lalit Kumar, President
Laser Industries Association of India

"India's Innovation Unleashed: Pioneering the Future of Manufacturing"

As the Board Member & President of the Startup Association of India, I would like to give a big applause to the entire team of 16th ENGIMACH, it was great to support this groundbreaking event that exemplified the pinnacle of modern manufacturing technology.

The 16th ENGIMACH, stands as a testament to India's unwavering commitment to innovation and industrial progress. It served as an unparalleled platform to showcase cutting-edge technology vital for meeting the escalating demands of manufacturing, both domestically and on a global scale.

Inclusion of concurrent and co-located shows such as Vibrant Gujarat Startup Conclave, Vibrant Gujarat Global Summit added a layer of depth and diversity to this mega event. From riveting Startup Exhibitions to the intellectually stimulating Smart-tech Conference featuring esteemed international speakers, ENGIMACH offered a comprehensive panorama of innovation and expertise. The dedicated trade show aimed at fostering an Indian Castings marketplace further enriched the event, echoing its commitment to addressing diverse industrial needs.

With a staggering presence of thousands of exhibitors, including concurrent shows, ENGIMACH has firmly solidified its position as one of the foremost engineering and manufacturing exhibitions in India. Its significance lies not only in its monumental scale but also in its ability to spotlight the latest advancements crucial for large-scale manufacturing of world-class products, ensuring uncompromising quality at competitive costs.

We extend our appreciation to K and D Communication Limited for their unwavering dedication to organizing trade shows that serve as potent accelerators for industrial growth and prosperity.

Shri Dipti Lavya Swain, Board Member & President
Startup Association of India

Mr. Hiren Jadeja
President - Marketing
JYOTI CNC AUTOMATION LIMITED

Since the second edition we have been participating in ENGIMACH with the state-of-art technology products from metal cutting space. Since today is the first day it is not suitable to comment but considering today's crowd it seems it would be a game changer event for us! As far as the footfalls are concerned, lots of our old customers as well as the new customers they are visiting us. Surely, 100% percent we will be there in the next edition of ENGIMACH! ”

[WATCH HERE](#)

Mr. Indraneel Bhattacharya
Vice President
– Sales & Marketing
LAKSHMI MACHINE WORKS LIMITED

We are there from the first ENGIMACH and we opened our account in Gujarat with ENGIMACH exhibition! The first order came from there. Before that, we were not present in Gujarat! India is going to become the world factory and manufacturing is at a high uptrend. To support that, Machine Tools companies have come up in a big way so that now we can replace the imports which used to be very high! If you take the product we manufacture, these are machines which are now mostly procured by Indians from Indian companies. Regarding the next edition of ENGIMACH 2025, we will come back 100% because it is very important for us to launch new products in this market. We do get a lot of leverage from this exhibition and will continue to come. ”

[WATCH HERE](#)

Mr. Sagar Kheradiya
AGM Sales (Gujarat)
YAMAZAKI MAZAK INDIA PRIVATE LIMITED

Mazak is a Japanese company with H.Q. in Pune and an office in Gujarat also. Our VC – EZ which we were earlier dispatching from Japan and Singapore, we are now manufacturing in India at our Pune plant! We are thankful to ENGIMACH for giving us this platform and our experience is very good and since many years we are participating in ENGIMACH. ”

[WATCH HERE](#)

Mr. Nithin M Naidu
General Manager, India
INDEX MACHINE TOOLS INDIA PVT. LTD.

ENGIMACH is very well known to me for quite some years not only from my present organization but also from my previous organization and we are very happy that we are here displaying our machines here. We are thankful to ENGIMACH for providing us this platform to display our products, to show the strengths of our machines and the technology that we offer to customers. I personally feel that the whole event would be quite successful and this will be quite fruitful not only for us but to everybody here. We will definitely be back here in 2025 and I think we would display more machines than what we have today here. ”

[WATCH HERE](#)

“

Mr. Rakesh Patel
Regional Sales Manager
– Gujarat
EMAG INDIA PRIVATE LIMITED

Mainly we are focusing on automotive and certain non-automotive products like aerospace and hydraulics. For Indian growth definitely ENGIMACH is contributing and EMAG can contribute by giving turnkey solutions to local customers. For example, we have some good solutions for two-wheeler and four wheeler electric vehicles.”

[WATCH HERE](#)

“

Ms. Ashwini M. Hugar

YAMAZEN

Mr. Praveen Daddimani
Senior Regional Manager
– Service
YAMAZEN MACHINERY & TOOLS
INDIA PRIVATE LIMITED

We have participated in ENGIMACH four times and we have been much encouraged. We started our business in Gujarat from the ENGIMACH edition of 2017 and by now almost 300 machines have been installed! We definitely see a lot of new customers in ENGIMACH who are here to see different new technologies helpful for their products. Yes definitely we would like to participate again in ENGIMACH because of this very good performance of bringing new customers.”

Pneumatic

Mr. Amish Bhavsar
General Manager – Marketing
JANATICS INDIA PRIVATE LIMITED

We are participating for the 16th time this 16th ENGIMACH! It was surprising that there was heavy rush in the morning session of Day 1 itself! This is a very good platform where all the customers are coming over here and we can generate very good revenue. So, as far as the economy is growing, platform like ENGIMACH definitely helps us to grow further. Regarding my participation in the next edition of ENGIMACH in 2025, I would like to book it today!”

“

LASER
TECHNOLOGIES™

Mr. Rakesh Agarwal
 Managing Director

LASER TECHNOLOGIES PVT. LTD.

This is our 3rd time participating in ENGIMACH and everytime we are growing so we are increasing the booth size. I believe this kind of exhibition is playing a pivotal role in the growth of Indian manufacturing sector because customers can see what kind of technologies are there in the market which they can use in their manufacturing to increase the production, to increase the quality and be more competitive on the global market. Regarding participating in the next edition of ENGIMACH, of course, we will be there. As I told you, may be with 50 to 80% more space! ”

Survey Forms

- Most found this First Edition encouraging and desired a regular biennial edition.
- Most agreed that an INDIAN CASTINGS BAZAR should be promoted globally and were encouraging about participating in the next edition.
- The average rating for Exhibitor Goal Achievement in this edition was 5 on a scale of 1 to 10.
- Most participated enthusiastically in the formal Survey and gave suggestions for improvement in the next edition.
- We are gratified that the idea of promoting an INDIAN CASTINGS BAZAR and our first attempt has been well received and this has strengthened our resolve to do better in the next edition.

Video Interviews

“The response to the events like Castings & Foundries has been quite positive, and it is evident that they are creating a significant amount of awareness regarding the foundry industry. The K and D management and team have done an excellent job in organizing these events. As we continue to see this trend of events unfold, there is no doubt that even more awareness will be generated. In fact, our own participation in the next edition of these events is already confirmed.”

Mr. Dinesh Garg

Director

BEHARI LAL GROUP

“We are delighted with the response to Engimach as there has been great footfall. This being the first time that Castings & Foundries have been included in the event, and it is remarkable how well-received it was. The high level of awareness surrounding the event will not only contribute to the growth of the casting industry but also ensure that it stays up-to-date with new market scenarios.”

Mr. Saurabh Bhardwaj

Head Foundry Vertical

ELECTROTHERM (INDIA) LIMITED

“The Castings & Foundries exhibition is invaluable for the foundry industry, allowing companies to focus on this specific sector. By participating in such events, we not only showcase our products and services but also establish connections within the industry. The response we have received has been overwhelmingly positive. This success motivates us to return for the next edition without hesitation. We are always eager to take part in events that shine a spotlight on foundries and provide opportunities for exposure and growth.”

Mr. Dushyant Gorecha

Executive Director

GORECHA METAL TECH PRIVATE LIMITED

TESTIMONIALS OF EXHIBITORS

“Through our participation in Castings & Foundries, we have been able to gain significant exposure. This event has attracted industrialists from various sectors who have shown a keen interest in our offerings, allowing us to establish valuable contacts. We are confident that attending this event again next year will further enhance our visibility and networking opportunities.”

Mr. Ritesh Patel

Director & Chief Executive Officer
HEATTRANS EQUIPMENTS PRIVATE LIMITED

“The event, which was skillfully conducted by KandD and their team, deserves our heartfelt appreciation. We are grateful to them for organizing such a grand platform for the Foundries Industry. This initiative plays a pivotal role in promoting "Make-in-India" within the foundries sector, benefiting both current industry players and those who plan to join in the future. With this remarkable event, we can confidently say that we will be eagerly looking forward to participating again in the future.”

Mr. Manish Sahu

Assistant Manager (Product Development)
JALPA DEVI ENGINEERING PRIVATE LIMITED

“This is our first time at Engimach and also at the Castings exhibition, and we couldn't be happier with the response. We have received numerous enquiries, which has been truly encouraging for us. This platform provided us with the opportunity to meet new buyers and suppliers all in one place, making our job much easier. We would like to express our gratitude to KandD and their team for their amazing work in organizing this event, and we sincerely hope they continue arranging such events more frequently. Needless to say, we are already looking forward to coming back for future editions.”

Mr. Shailesh Bhuva

Director
REVOLVING TECHNO CAST

“We have achieved remarkable success in generating leads for the future, thanks to the invaluable efforts of KandD and the team. Their commitment to excellence has paved the way for potential growth and expansion. We are confident that our partnership will continue to flourish and yield even greater results in the future.”

A grand success

In terms of qualitative outcomes, our endeavours in India have been marked by significant milestones. We've witnessed the introduction of the intriguing Plasmoid Implosion technology, opening doors to exciting possibilities. Furthermore, our exploration has delved deep into scenarios envisioning India's ascent as a dominant AI-driven financial juggernaut. This journey has been fueled by the enthusiastic support of influential Indian executives, who are keen on bolstering investments in Gujarat's thriving tech startup ecosystem. Notably, the dialogue between local Gujarat residents and esteemed foreign delegates has been both engaging and enlightening, fostering cross-cultural exchange and collaboration.

On the quantitative front, our efforts have yielded substantial results. We've amassed a wealth of valuable video content, encompassing various aspects of our initiatives. Additionally, we've compiled dozens of insightful sound bites featuring expert commentary, shedding light on the practical applications of AI in Gujarat. In a significant development, the Indian Navy has expressed its commitment to conducting testing on Malcom's Plasmoid Generator, showcasing the real-world impact of our efforts. Lastly, our foray into Michal Ukropec's Digital Twins technology has generated substantial interest, indicating its potential relevance and impact in the region
