

PRESS RELEASE

K and D Communication Limited is proud to announce the 10th edition of the biennial INDIA MACHINE TOOLS SHOW.

India is not only becoming one of the top three global economies on the strength of its domestic demand but also emerging as a preferred global manufacturing destination integral to reliable international supply chains.

This burgeoning domestic and international demand for reliable, large-scale production of goods with competitive international quality and cost has led Indian manufacturing to adopt world class technology and practices of production.

Amidst this rapid technological transformation of Indian manufacturing, this trade show showcases the latest advancements in the tools of production from foreign and Indian capital goods & engineering industries.

The trade show also enables the Indian capital goods & engineering industry showcase its own innovations and indigenization, witness world-class foreign technology and learn more about the requirements of Indian manufacturing going forward.

Finally, it also serves policy makers from the government and governing industrial bodies gain valuable insight.

As a platform facilitating the meeting and interaction of all stakeholders over a four-day period, the trade show helps shape the course of Indian manufacturing and industrial progress.

With a track record of 9 editions in the Indian capital over the last 18 years featuring more than 2000 exhibitors from more than 15 countries and over 3 lakh visitors from diverse industries, this trade show has proved to be a significant catalyst for the progress of Indian industry.

The exhibition focuses on participation from the large Indian MSME sector. Besides machine tools and automation, it also encompasses a host of other industrial products essential to the manufacturing sector.

Previous nine edition of the trade show witnessed increasing attendance of high caliber exhibitors and visitors from India and abroad. All stakeholders warmly testified to substantial and lasting business outcomes.

This 10th edition, primed for greater success, is fittingly being held at a new venue being developed by the Government of India to represent the ethos of nation gaining its rightful place as one of the top three global economies.
