

PRESS RELEASE

K and D Communication Limited and **Jamnagar Factory Owner's Association** are proud to join hands in organizing **Jamnagar Industrial International Expo 2025**. This international showcase of a global brass hub will open new markets across diverse industrial sectors and geographies for the 5000+ brass industries here. It will also bring to the region, world-class manufacturing tools & technologies for a global brass hub.

Jamnagar famously known as the **Brass City** is a major driver of the economic growth of Gujarat. Jamnagar is a global brass hub with the world's largest cluster of brass industries in the world. A modern, environmentally sound brass recycling and manufacturing powerhouse, the Brass City is integral to the supply chain of many industries in India and over 100 other countries.

With an annual production estimated to be worth about USD 3 billion, in terms of the sheer number of manufacturing units, Jamnagar tops the list of international brass hubs.

It is fitting that in tandem with the outstanding global ascendancy of the Indian economy, Jamnagar, a global brass hub puts up a grand showcase of its prowess to explore new national and international markets. There is a huge potential for growth not only with existing products but also by exploring new applications of brass products in diverse industries.

Innovation & excellence will be on display all around! Cutting edge machine tools, automation and manufacturing technology from around the world will vie for attention alongside the world class brass products of the Brass City.

A separate **MSME Pavilion**, an **International Buyer-Seller Meet** and a **Vendor Development Program** are planned for local entrepreneurs. Other supporting programs include **B2B & B2G Meets** and industry-specific **Seminars**.

The event is **well supported** by many government departments like MSME, NSIC, DIC, GIDC as well as many regional trade associations like GCCI, JCCI, VCCI, Vitthal Udyognagar Industries Association, Rajkot Engineering Association, Aji GIDC Industries Association, GIDC Lodhika Industries Association, Shree Jamnagar Brass Foundry Association, Jamnagar Exim Metal Merchant Association, Jamnagar Electroplaters Association etc.

The conservative projections for this inaugural edition of the trade fair are:

250+ Exhibitors, 30000+ Visitors and Business inquiries of about INR 1000+ Cr.
